****Certainly one of the cheapest Nissan Note Hybrid e-Powers in Wellington and its the high spec Medalist version too!! Feature packed with things like full 360 degree viewing cameras plus front and rear parking sensors that will actually try and stop the vehicle before you hit something! Much nicer upgraded Medalist interior that features partial leather seating and a leather wrapped steering wheel as well. E-Powers produce an incredible amount of power through there electric drive-train that need to be drive to be appreciated. In our opinion**
