****Possibly the lowest km Mazda MX5 Roadster for sale in New Zealand! This convertible has been part of the Autoworld family for the past 5 years and only occasionally taken out on weekends hence the insanely low kms. We know it well and to say its immaculate is an understatement. We don't honestly think you will buy a better one in New Zealand no matter how hard you look. These just seem to be getting harder and hard to obtain these days but we are just not using it enough to justify keeping it. Our lose is your gain so if you are after possibly the best Roadster in the country for this upcoming summer, give us a call****
