**Unleash a new kind of power with the 2017 Mini Countryman Cooper SE ALL4 PHEV. This isn't just another hybrid; it's a Mini that fuses the spirited soul of a TwinPower-Turbo Petrol engine with the instantaneous torque of an electric motor. The result? A thrilling all-wheel-drive experience with a combined 221 horsepower, delivering a powerful rush from 0 to 100 kph in just 6.7 seconds all of this while boasting a combined 2.5 L/100km equivalent when utilizing both electric and petrol power (figures from online but yours might differ depending how and where you drive!!). The Countryman plug-in hybrid is engineered for both performance and smart efficiency. With a pure electric range ideal for shorter daily commutes, you can power your routine with zero tailpipe emissions. And when the open road
