Nearly Impossible to find 1.8ltr Petrol Corolla Wagon and Lets be honest, its a Corolla and we know they are just bullet proof and one of the most reliable cars ever built! These are incredibly hard too find in the petrol only variant as most are the more expensive Hybrid models. More get up and go than the Hybrid variant (its a lighter vehicle) and you need not worry about the battery life or the Hybrid system for years to come. Huge boot space compared to the common hatchback variety and absolutely feature packed with all of the latest goodies and safety systems. Come see for yourself.....
