**\*\*This 2018 Suzuki Ignis is a retro-inspired design that's cooler than a polar bear's fridge. It's got the agility of a small car with the go-anywhere attitude of a mini SUV. Plus, it has mild hybrid system that gives you an extra boost of power when you need it, making it both peppy and fuel-efficient. Its slightly higher seating position makes getting in and out a breeze and it honestly just looks good from every angle. It's the kind of car that makes you smile every time you see it and go for a spin!!\*\***
