\*\*People just love the Nissan March for so many reasons. They have nothing too complicated inside like many modern cars do hence they are nice and simple to operate with far less distractions. With a slightly higher seating position and huge windows all around this give amazing visibility and minimal blind spots when driving. Less electronics means more reliability too. Full of personality and great fun to drive this incredibly zippy 5 door hatch is amazing on the fuel. Way more space inside than you would expect and uber easy to park anywhere. Insanely reliable plus its been serviced and AA Appraised too\*\*
